Such a formidable list we cannot in any case ask to meet. Only the most urgent of them carefully selected & pruned can be provided for - there is naturally an increased demand for accommodation as our schools & their strength increase. But our resources are limited - Dewan's Note dated 7th June 1907 Seems to have been issued many years ago, & not more than enough. A few may easily wait (i.e. Channapatna & Chik Ballapur Work

Instruction IX Sl no 2

With reference to order No. 1169-70 Ed 7-19-96 dated 23rd July 1901, I have the honour to forward herewith a list of Incomplete Works which require appropriations during the current year amounting to Rs. 8784. This amount includes Rs. 497 required in excess of the original estimate for the Davangere Anglo-Vernacular School and Rs. 277 required similarly for the Chickballapur High School. The cost of new works already sanctioned, a list of which is also forwarded, amounts to Rs. 10875. These two amounts for incomplete works and already sanctioned works give a total of Rs. 19659. As Government have limited the expenditure on buildings to Rs. 25,000, fr

the available balance of Rs. 5341 new work, and urgently required minor work, and repairs have to be provided, I would under the circumstances provide Rs. 2504 for minor works and repairs, and set apart a small sum of Rs. 2837 for new work. The list of new work, which I now submit for sanction must necessarily be small under the circumstances. The appropriations from the grant of Rs. 25,000/- for buildings in the State Funds Budget for education are thus as follow:

	Rs.
Incomplete Works —	8,784
new work already sanctioned	10,875
new works to be sanctioned	2,837
Minor works and repairs	2,504
	Rs. 25,000

2 I am constrained to inform Government that for want of a sufficiently large grant for buildings many school buildings are out of repair and many more which require to be extended or newly constructed can not be taken in hand. The amount required for urgent

petty works and repairs done during the current year is about Rs 8,000/-. For these a sum of Rs 2504/only will be available according to the above appropriations. I hope Government will be pleased to sanction a larger amount for buildings in future years

I have the honour to be,

Sir,
